The special pay referred to in the PUC is paid from the Assigned Tract Revenues. The General Purposes Sub-Committee of the Retrenchment Committee did not make any recommendation about Mysore Assigned Tract. They however recommended that the special pay charged to Central Revenues should be reduced by half.

The Registrar's special pay is at present subject to the 10% cut.

Para 3.

In reply to an audit objection to the grant of the special pay with retrospective effect (the sanction was accorded in April 1928 but took effect from November 1926), the Resident accepted the Audit Officer's sugguestion that the necessity for the continuance of the special pay ~~would~~ should be reviewed in November of each year. vide para 2 of S.N.1/202-28 (C)

(put up) (F)

Under Fundamental Rule 9(25)(b) special pay means an addition, of the nature of pay, to the emoluments of a post of a Government servant, granted in consideration of a specific addition to the work or responsibility. The special pay, when it was granted, was not limited to any specified

period

period but it was in effect only limited by the condition that the recipient continued to do the work for which it was paid and that the necessity for its continuance would be reviewed by the Resident annually. The special pay must therefore continue for until such time as the Registrar continues to do the special work unless and it was not withdrawn by orders of the Resident as a result of the annual review. Accountant-General may be informed as above.

A draft is submitted for consideration. It may issue with the concurrence of the F. A.
